****Return this completed form along with a non-refundable \$500 check deposit to reserve your limited storage space before September 30, 2021. Customers will be invoiced for the balance due, including storage and services performed. Balance is due within 30 days of billing cycle. Engines/Boats needing additional service work or repairs will be billed separately after approvals.**

****Minimum winterize and summarize if storing with River City Marina****

This benefits you the customer to make sure your boat has no issues after storage and is ready for the boating season. We will notify you of any issues we find or other service work that should be addressed.

****We are a fully licensed and bonded storage facility. Please remember we are NOT responsible for items left in the boat. We only request to leave your keys, fuel tank, boat fenders, tie up ropes and fully charged battery in the boat. These are necessary to perform winterize and summarize procedures. All boats without a key or non-operational will be charged extra fees based on lost time and materials. NO Exceptions.**

****Please be courteous in the spring and pick up within ONE week of completion. Boats here after ONE week will be charged an additional \$10.00 per day storage fee. (No exceptions) your piers and lifts are ready by May 1st. It is YOUR responsibility to make sure Boats can be delivered for additional fees. We just do not have time to keep moving boats around after they are pulled from storage and completed. We store close to 100 boats and need to have boats picked up when they are done. We constantly run out of space at our pier slips and lot if not picked up within a few days of notice. Summarize, Spring Fuel Treatment and launch/Haul out services will be billed upon boat pick up or delivery in spring.**

Winter Boat Storage: October 1 thru April 1st
